

Training is the . . . *. . . to Success*

INVESTMENT IN EXCELLENCE - IMAGINE 21 ***Fast Track to Change***

This program features Lou Tice who has been called one of the finest educators of our time. He is informative, enlightening and easy to listen to. More specifically, he has a wealth of solid information that will help you better understand:

- Why you think, feel and behave the way you do.
- How to increase your comfort level in new situations.
- How to improve your level of performance in any areas you choose.
- How to dramatically reduce your levels of stress, tension and anxiety.
- How to improve the quality of your relationships - at home, at work and wherever you go.
- How to set and achieve goals that really make a difference in your life.

The seminar is divided into 33 units, which are presented in two sessions. Session I is three days in duration, while Session II is two days. The materials are supplemented by an eight-week, take-home audio program and Meeting-Starter videos for after-seminar support for your individual and group needs. This is a significant commitment of time; I assure you it is well worth it.
